REASON FOR ALLOWANCE / EXAMINER'S AMENDMENT

1. The following is an examiner's statement of reasons for allowance: the recorded references do NOT teach or suggest the novel "measured quantity's **final variance**" feature as recited in independent claim 1. Similarly language is used in other independent claims. It is noted that the examiner believes the "measured quantity's **final variance**" is corresponding to Eq. (26), see Applicant's specification, page 9, lines 21-26.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the claims:

Claim 4, line 5; "**error's variance**" has been changed to – **error's final variance**-. (See footnote of Appeal Brief, page 8 "[I]t appears Applicant inadvertently omitted such an amendment to claim 4 ...")
